The protagonist, Ogi Jugo, is a manager working at a talent agency. Not only that, his wife is a very popular high school idol. Though having just gotten married, their relationship must be kept secret to all...

As preparation for his latest role, actor Nagai Yusuke, along with Ogi, are currently working with the yakaza of Kabuki-cho! That's when Nagai stumbles on a mountain of real drugs...

Coincidence or not, Nagai's character faces this same situation, but how will he respond when there aren't cameras rolling...? Will he even make it back to the studio?

This is the story of a production manager and his struggles to cut through the power structure of the entertainment industry!!
